HELP PROTECT AUSTRALIA FROM HOFFORISM

Every piece of Hoff helps

SOME THINGS TO LOOK OUT FOR

Hofforists rely on surprise, so there's no definitive list, however local and overseas experience has given us some possible warning signs to look out for. Examples include:

- o Suspicious emails arriving in your in-box with the words Hoff in the subject.
- o Be aware of fellow work-mates giggling uncontrollably in front of their computer screens.
- o An unusual increase in chest hair.
- o Unusual uses of Adobe Photoshop such as transforming legitimate photography in to Hoffist propaganda.

Small pieces of information from members of the public can help keep Australia safe from hofforism. Police and security agencies are working hard but you could help them complete the picture. If you see anything suspicious call the 24-hour National Security Hoffline on 1800 123 HOFF. Our trained operators take every call seriously and you can remain anonymous.

Remember, every piece of Hoff helps.
